

DISCLAIMER

This license applies to the WhatsCracking COMSOL Application (“Application”). This Application was created by Alliance for Sustainable Energy, LLC (“Alliance”), the manager and operator of the National Renewable Energy Laboratory under Contract No. DE-AC36-08GO28308 with the U.S. Department of Energy. This Application is provided for research purposes only, and Alliance has no obligation to update, debug, and/or continue to support the application.

You may use, reproduce, modify, publicly display and perform, and distribute to the public this software (the “Application”) and may permit others to do the same, subject to the following conditions:

1. Neither this Application nor any modified versions of this Application may be marketed or distributed in competition with any computer-aided design (“CAD”) software product or as a stand-alone product for translating input to or output from any CAD software product.
2. Neither this Application nor any modified versions of this Application may be marketed or distributed as a replacement for any third-party software program to which COMSOL Multiphysics and the add-on modules for which COMSOL Multiphysics provides an interface.
3. To the extent any other software programs must be used with this Application or with any modified version of this Application, you are responsible for ensuring compliance with all terms and conditions applicable to the use of those software programs.
4. This permission shall be included in copies and modified versions of this Application.
5. If you modify this Application, the modification of this Application and the publication thereof must be in compliance with the then-applicable COMSOL Software License Agreement.
6. If you modify this Application, you shall identify your contributions within the permission included in the modified Application.
7. Neither you nor any other person or entity may use or distribute this Application, or any modified version of this Application, or exercise any of the rights granted here with respect to this Application, or any modified version of this Application, in violation of any applicable export or import law or regulation.

THIS APPLICATION IS PROVIDED “AS IS” AND WITHOUT ANY WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, DESIGN, OPERATION, LACK OF VIRUSES, ACCURACY OR COMPLETENESS OF OUTPUT, LACK OF NEGLIGENCE, SECURITY, AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL ALLIANCE BE LIABLE FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL, EXEMPLARY, SPECIAL, INCIDENTAL OR PUNITIVE DAMAGES ARISING OUT OF OR RELATING TO THIS PERMISSION, REGARDLESS OF THE CAUSE

OF ACTION, EVEN IF YOU HAVE ADVISED US OF THE POSSIBILITY OF SUCH DAMAGE.

This form of permission may be applied to Applications that you create, provided that your Application and the publication thereof complies with the then-applicable COMSOL Software License Agreement. However, if you apply this form to your Applications, you must change the copyright notice to reflect the correct copyright claimant(s). To the extent you modify this Application, you may distribute that modified version with your contributions offered under terms of your choosing and the original portions offered under this form of permission, provided, however, that your terms do not conflict with the then-current version of the COMSOL Software License Agreement.
